

# Erin Peterson Memorial Scholarship

We are pleased to announce the Erin Peterson Scholarship campaign.

For those of you not aware, Erin was a vivacious, smart, witty, athletic, fun, outgoing and fierce young lady who left us all far too soon on July 24, 2021 at the age of 13. Erin attended Oak Grove Middle and looked forward to attending Jefferson High School along with her countless friends to further explore her passions of science and soccer. Erin also attended several JAG Girls Soccer Summer Camps, and was a positive, hard working, and passionate participant.

In order to honor Erin's legacy and pay tribute to the Peterson family, we are partnering with the [Education Foundation of Bloomington](#) to start the Erin Peterson Scholarship. Our goal is to raise over \$10,000 which in turn will provide a \$500 yearly scholarship to a Jefferson or Kenedy female student athlete who models an inclusive mindset and plans to pursue a passion in the science/STEM field after graduation.

To learn more and donate, visit [The Education Foundation website](#) and indicate: "Erin Peterson Memorial Scholarship" from the dropdown menu. Thank you in advance for your consideration!

*Erin is survived by her parents Natalie and Eric, as well as her brother, Nate, along with a large extended family.*
